U. S. PHILIPPINES CONTRIBUTE TO UNFICYP

THE PHILIPPINES AND THE UNITED STATES LAST MONTH MADE financial contributions to the United Nations to help cover the expenses of the United Nations peace-keeping Force in Cyprus.

In a communication, dated 20 June, to the Secretary-General U Thant, the Permanent Representative of the Philippines to the UN, Ambassador Salvador P. Lopez, said his Government was contributing 1,000 dollars to the financial support for UNFICYP.

On 28 June, the Permanent Representative of the United States to the UN, Ambassador Arthur J. Goldberg, informed the Secretary-General that the US was prepared to make a contribution of up to 4,000,000 dollars toward the six-month (27 June—26 December 1967) cost of UNFICYP. Ambassador Goldberg said that the amount ultimately contributed by the United States against this pledge will depend on contributions of other governments towards the cost of the operation.

OSORIO-TAFALL LEAVES FOR ANKARA, ATHENS

DR. B. F. OSORIO-TAFALL, THE SECRETARY-GENERAL'S Special Representative in Cyprus, left Nicosia for Ankara today, Wednesday, 19 July, on the first part of his visit to Turkey and Greece.

Dr. Osorio-Tafall will remain in Turkey until Monday, 24 July, when he is scheduled to arrive in Athens. He plans to return to Nicosia on Friday, 28 July.

These visits were originally scheduled to commence on 12 July, but Dr. Osorio-Tafall postponed his trip due to "compelling personal reasons". (See BLUE BERET, 12 July 1967).

PEACE-KEEPING

U-THANT ISSUES FINAL REPORT ON U.N.E.F.

IN HIS FINAL REPORT ON THE UN EMERGENCY FORCE IN THE MIDDLE EAST, SECRETARY-GENERAL U THANT says he interprets "shock and dismay" produced by the Force's withdrawal and renewed fighting which immediately followed, as an expression of how much reliance had come to be placed on the United Nations as an instrument for the maintenance of peace.

Clearly, he suggests, an important lesson to be gained from this sobering experience is that the peace-keeping function of the United Nations should be strengthened so as better to serve the cause of world peace.

At the same time he warns that UN experience with such operations indicates that their very success may induce a false sense of security.

The ability of such operations to re-establish and maintain quiet for an extended period may come to be mistaken for a solution of the basic problem.

Peace-keeping operations can serve their purpose properly, he declares, only if they are accompanied by serious and persistent efforts to solve problems which made those operations necessary in the first place.

The Secretary-General further stresses in his report that it is only realistic to accept the fact that any UN peace-keeping operation based on voluntary cooperation of the host country, or countries, and suppliers of contingents cannot hope to continue to perform any useful function — and may well find itself in grave danger — if it is no longer welcome in a country and governmental cooperation is withdrawn.

If there is any serious doubt on this score, he suggests, it would be advisable for the UN to abandon altogether the notion of a voluntary peace-keeping operation and turn to enforcement type actions under the Security Council as

provided for in the Charter.

And, he declares, "the two cannot be mixed". In this context, he points out, that it is extremely doubtful, however, that any of the peace-keeping operations so far mounted — such as those in the Congo, Cyprus or the Middle East — would have been acceptable to the governments concerned if envisaged in the context of enforcement action.

The report comments on some of the difficulties inherent in the functioning of an inter-

ASSEMBLY BACKS STAND ON JERUSALEM

THE General Assembly July 14th deplored that Israel had not complied with its request last week not to take over the old city of Jerusalem formerly in Jordanian hands and again called on her to restore and maintain the pre-war status of the city.

The vote was 99 in favour, none against, and 18 abstentions — with Israel not taking part in the ballot. The vote was much the same as that of July 4th. Italy, Gabon, and Dahomey switched from abstention to support; Madagascar, from support to abstention. A slightly larger number of absentees gave the identical numerical total of 99 for.

Israel contended that the resolution did not take into account her moves to entrust holy places to Christian, Moslem,

DANCON NEWS

I DANCON's område er der udlagt ca. 300 km feltkabel. Det er derfor ikke usædvanligt at der kan ske brud eller lignende på linien. At klare disse uheld er signalfolkene mænd for, her ser vi KS 718512 P.T. Hansen, BV, til højre og KS 716217 H. Ejlersten, SJLR til venstre højt til vejrs i en af masterne.

Billedet her blev taget under fodboldkampen DANCON - SWEDCON den 8 JUL. Stemningen var god under hele kampen, men på et tidspunkt blev danskerne trætte. Det syntes svenskerne der måtte gøres noget ved, så en svensker kom til og begyndte at heppe danskerne. Det kan man da kalde broderskab. Kampen endte med en dansk sejr på 6 - 4.

DANCON-holdet var glad for sejren og naturligvis måtte fotografen tage et billede. fra venstre ses: LT Kold IO, SG Møller, KS Slot, KS Frandsen, SG Pedersen, KS P.E. Andersen, KS Helbo, KS G.F., Hansen, PRLT O.M. Hansen, KS T. Rasmussen, KS Jensen, KS Gravgaard.

ØLEAVE PÅ TVÅ HJUL

Cyklade rundt Cypern gjorde (fr.v.) Anders Svensson, Bankeryd, Stig Göran Lauritzson, Hässleholm, och Dan Edberg, Lessebo - tre FN-soldater som föredrog två framför fyra hjul på sin øleave. Billigare så kanske - och spånstigare!

Än idag sitter kvinnorna vid sina dukar i Lefkara. En besökande FN-soldat får många trevliga "skjutvinklar" för sin kamera.

UTFLYKTSMÅL PÅ CYPERN V

Det berättas att Leonardo da Vinci for till Cypern för att skaffa altarspetsar till de nybyggda katedralen i Milano. Sanningen att säga, så far folk än idag till den legendoms-punna medelhavssön i samma syfte, närmare bestämt till Lefkara, där de berömda spetsdukarna av tradition tillverkas. Namnet klingar säkert välbekant för de flesta FN-soldater på Cypern.

Vägen tar man lämpligen över Kophinou, som man passerar västerut. På andra sidan Scarinou-bron tar man av till snett till höger, och sedan följer en vindlande grusväg uppför kullarna.

Byn är egentligen två, Nedre Lefkara och Övre Lefkara, men i båda byarna sitter kvinnorna hela dagarna vid sina dukar. Och det har kvinnfolket av hävd gjort där i några århundraden.

En promenad genom de vackra och pittoreska byarna ger FN-soldaten många trivsamma kontakter med befolkningen. Kvinnorna sitter ofta ute i de krokiga gränderna och syr.

Och som oftast blir det i alla fall något köp, innan man återvänder från Lefkara. Men, det kan vara idé att jämföra priset innan köpet beslutas. Bara som ett tips...

SWEDCON NEWS

Hårda tag om bollen var det i båda de fotbollsmatcher som nyligen utspelats mellan danska och svenska cypnbataljojnerna. Första gången gick det vägen för de svenske med hela 4 - 1, men i returmatchen (se bilden!) jämnade danskarna ut matchstatistiken och vmed 6 - 4.

KP - DOP hos Reindeers

Stor dopceremoni var det härförleden på Reindeer Camp, när kompaniet ställde upp för dop av - nej, faktiskt inte ett barn - utan av en KP-bil! Kompanichefen, mj Rasmussen, talade, champagnen yrde kring "stäven" och Blue Beret får önska den nydöpta KP:n lycka till här i världen.

TRANSPORT SQUADRON ROTATION

ON SATURDAY 22 JULY, 1 SQUADRON, ROYAL CORPS OF TRANSPORT commanded by Major Donald Garner, will leave Cyprus for UK on completion of their six month tour.

The Squadron is the supporting transport squadron for 19 Infantry Brigade which is part of Britains Strategic Reserve. In January this year a small HQ and two transport Troops arrived in Cyprus to take over from 42 Squadron RCT, leaving behind in UK,

about half the Squadron to carry on its Brigade commitments.

In the last three years, Troops of 1 Squadron have served operationally in Aden, Cyprus, Borneo and British Guiana whilst others have been on exercise in Germany, France, Denmark, Belgium, Holland, Norway, Turkey and Greece.

Apart from providing second line transport support to the contingents and staff car support to the Headquarters UN-

FICYP, the Squadron has also transported the Turkish Contingent rotation, Red Crescent supplies and transportation of the evacuated troops of UNEF, from Famagusta during the recent Near East crisis.

It is noteworthy that the Squadron achieved a 90% road-worthiness grading during their REME Biannual Inspection, no mean feat considering the fact that the 79 vehicles operated by the Squadron have covered approximately 900,000 miles during the last

six months.

In the sporting field, teams have entered all the HQ UNFICYP league sports and came top of the league in both Football and Water-Polo. The Basketball Team finished second in their league.

The Squadron has been relieved by 65 Squadron RCT commanded by Maj N.H. Soulsby RCT. The advance party arrived on 7 July, the main body arriving on 13 July.

DUKES AT WORK

On watch Pte Geoffrey Bowes from Leeds keeps an eye on the road traffic.

VEHICLES PASSING ALONG THE OLD EPISKOPI — LIMASSOL road will most certainly have been spotted and recorded by the sentries on duty at the Hill Top O.P. From their vantage point the sentries can scan the road and bridge along which travels a steady flow of traffic daily. Our pictures show men of 8 PI at the O.P. and at Platoon HQ in Episkopi village doing their daily chores.

Pte Martin Mee reports traffic movements back to PI HQ. Martin comes from Galway — South.

At PI HQ, Pte Alan Inacke-ray who comes from Hull, checks the Platoon radio equipment.

LIFE SAVERS

ON MONDAY 10th JULY THREE IRCON members on holiday at Famagusta were instrumental in saving the life of a 6 years old Cypriot boy, Andreas Miki. Trooper Edward Cleary found him floating underwater 100 yards off shore and brought him unconscious to the beach. There Sgt Dennis Leahy and Cpl Davy Sharpe, both holders of Irish Red Cross Certificates as Life Saving Instructors, applied the "Kiss of Life" method of resuscitation. They were assisted by a Cypriot, Vassilis Elia. After twenty minutes the child's breathing recommenced, and wrapped in a blanket the child was taken to hospital by his rescuers. The boy is now making a speedy recovery.

The Force Commander, Lt Gen A.E. Martola has commended their action to COMIRCON.

It also gives a detailed description of the chaotic conditions under which the Force had finally to be withdrawn after the outbreak of hostilities on June 5th, when as recounted in earlier reports, several units and UNEF Headquarters itself, came under fire.

Council Condemns Congo Mercenaries

THE SECURITY COUNCIL THIS WEEK UNANIMOUSLY ADOPTED A RESOLUTION CONDEMNING ANY STATE WHICH PERSISTED in permitting or tolerating recruitment of mercenaries, and provision of facilities to them, with the objective of overthrowing governments of United Nations Member States — with specific reference to the Democratic Republic of the Congo.

The Council had acted on a complaint from the Congo last week that she had been the

victim of aggression by foreign mercenaries as part of an international imperialist plot to overthrow the Government.

The resolution called on States to ensure that territories under their control, as well as their nationals, were not used for the planning of subversion or recruitment, training and transit of mercenaries to fight in the Congo.

It also asked the Secretary-General to follow closely the implementation of the resolution.

STOP PRESS OBSERVERS AT SUEZ

United Nations observation of the cease-fire front between Israel and the United Arab Republic in the Suez Canal sector, was finally established at 16.00 hours GMT last Monday.

The operation had been intended to start on Sunday morning but was delayed as a result of last-minute differences in the interpretation of details of the stationing, functioning and communication facilities.

UN observation has been initiated by the establishment of two advance parties, each consisting of four observers, one headquartered at Ismailia on the west bank of the Canal and the other in Kantara on the east bank. Recruitment of 25 additional UN observers to meet the requirements of the Suez Canal front is continuing.
