## Dr. ROBERTO GUYER IN CYPRUS FOR BRIEFING

Dr. Roberto Guyer, the newly appointed Under Secretary-General for Special Political Affairs at United Nations Headquarters, arrived in Cyprus on 24th April for a 5 day familiarisation visit.

He was met at the airport by the Foreign Minister, Mr. Spyros Kyprianou, Ambassador George Pelagias, Chief of Protocol, Messrs. A. Olgun and A. K. Nidhai, representing the Turkish Cypriot Leadership, Mr. Bibiano Osorio-Tafall, Special Representative of the Secretary-General, Major General D. Prem Chand, PVSM, Force Commander UNFICYP, and other UN officials.

Dr. Guyer told correspondents that he would greatly benefit from getting personally acquainted with the situation in Cyprus at first hand, and said that he considered his visit exclusively as an "enlightenment trip". During his stay he paid courtesy calls on President Makarios and Vice-President Kuchuk, and also visited all Contingents of UNFICYP.

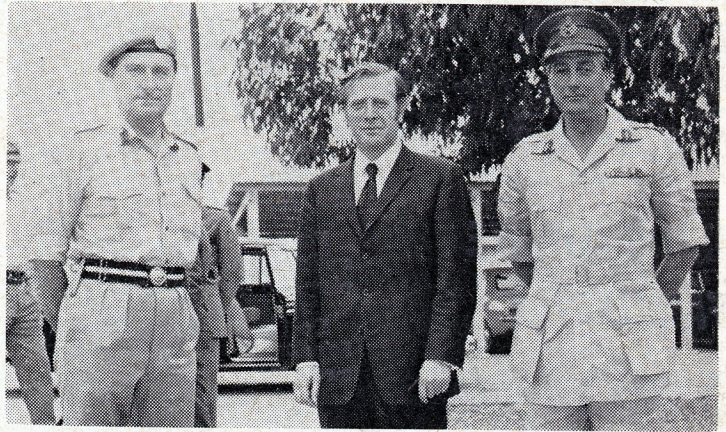

Dr. Guyer, an Argentinian, has had a distinguished career in the foreign service of his country, and has served most recently as Director General of the Political Department in the Argentinian Ministry of Foreign Affairs.

He was a member of the Argentine Delegation to the Eleventh (1956), Twelfth (1957) and Twentieth (1965)

sessions of the General Assembly, and in 1971 he represented his country at the Conference of the Committee on Disarmament meeting at Geneva.

## FORCE COMMANDER VISITS CANCON

Force Commander, Major General D. Prem Chand, with Major Tom Clarke and Lieutenant Colonel W. E. Hutchinson, are given a tour of outpost four by Private George Coburn during his first visit to the Canadian Contingent. General Prem Chand visited elements of City and Suburbia Companies before

returning to the Regiment Headquarters.

## BRITISH GOVERNMENT OFFICIAL VISITS UNFICYP

Another visitor to UNFICYP last week was Mr. Geoffrey Johnson Smith, Under Secretary for the Army at the British Ministry of Defence.

Mr. Johnson Smith, one of Mr. Heath's new ministers, was visiting British bases and installations in Cyprus during the course of his tour of British overseas defence establishments.

Britain makes a major contribution to UNFICYP, providing not only the largest national contingent but also certain logistic backing from the Sovereign Bases on the island.

Mr. Johnson Smith was accompanied by the GOC NEARELF, Major General M. W. Holme, CBE, MC.

● Dr. Roberto Guyer (3rd from left) pictured leaving the aircraft at Nicosia airport. Members of the welcoming party are (left to right) Mr. S. Dharman, Chief Administrative Officer, Mr. Osorio-Tafall, the Special Representative of the Secretary-General, Mr. Jean Back, Principal Information Officer, Mr. S. Kyprianou, the Foreign Minister, and Major General D. Prem Chand, Force Commander.

## DANCON-TRIUMF

I förrige uge spilledes en stor fodbold turnering på Xeros stadion med deltagelse af 18 hold, deraf to fra Dancon.

Da der kun var syv spillere på hvert hold, var off-side reglen bortfaldet, og da det var en cup-turnering, blev kampen i tilfælde af uafgjort afgjort ved antallet af tilfaldne hjørnespark.

Dancon spillede i første kamp mod Kato Kopia, som voldte holdet en del besvær. Kampen

endte 2-2, men Dancon, gik videre på 2-0 i hjørnespark.

I de næste kampe blev Xeros B slået 5-1 og Kyra A 1-0, hvorefter man var klar til finalen mod Xeros A.

På dette tidspunkt var stemningen på kogepladset efter den dramatiske kamp mod Kyra, hvor gemytterne på banen havde forplantet sig til tilskuerne, der nu gerne så en hjemmesejr.

Men i finalen var Dancon meget overlegen og nettede 5 gange uden at Xeros kunne svare igen.

For sejren i turneringen modtog spillerne hver en medalje samt en plaque som holdpræmie.

De flittigste målskytter var SG Sejersen med 6 og KS Gustavsen med 4 mål.

● Holdet, der vandt 7-a-side-turneringen. Forrest fra venstre KS Svendsen, Gustavsen, Jensen og Bülow, KP Christensen og SG Sejersen og Jensen.

## VIDSTE DE

-at der til den cypriotiske helt, Dighenis, fra Cyperns byzantinske periode, knytter sig utallige sagn. Hans navn sættes bl.a. i forbindelse med mange af øens særprægede klippeformationer, som f.eks. Pentadakylos (Femfingerbjerget), Petra tou Limniti, en klippe vi kan se liggende i havet uden for kysten ved Limnitis, og Petra tou Romiou (Afrodites fødested) ved sydkysten, det første med aftryk af hans hånd, da han sprang over det under forfølgelse af Saracenerne, de andre da han kastede dem efter dem. Det morsomste sagn er dog nok det, der knytter sig til Rock of Dighenis, Dighenis Klippe, ved resterne af New Paphos bymur og, The Granite Column, også kaldet Regina's Spindle, en granit søjle et godt stykke nord herfor.

Det fortælles således, at Dighenis havde forelsket sig i øens egenrådige og stivsindede dronning, Regina, og gjorde stærkt kur til hende. Til sidst lovede hun at give efter, hvis han kunne lede vand fra de fjerne Kyreniabjerge ned til hendes palads. Under store vanskeligheder opfyldte han dette meningsløse krav, kun for at blive mødt med latter og hån. Rasende greb han da et stort klippestykke og slyngede det mod dronningens palads, hvilket hun tog ham meget ilde op, og da hun åbenbart ikke var mindre hidsig anlagt, gjorde hun gengæld ved at kaste sin ten efter sin rasende tilbeder.

Tilbage ligger nu deres, mildest talt, kraftige kastevåben og minder i al evighed om forsmået kærlighed, og hvad der altså kunne ske dengang, en troles kvindes udnyttelse af et ærligt mandfolk.

● En situation fra kampen Dancon - Xeros B. KS Gustavsen er kommet for sent til bolden.

## HANS SIDSTE FAMILIEFLY

Familieflyene afvikledes jo også denne gang med succes, og næste periode planlægges til sidst i juli og først i august. OS Hvidberg bliver dog ikke primus motor, idet han efter et års tjeneste drager hjem. Her tager han i lufthavnen afsked med sin "pårørende," frk. Anette.

## DANCON NYT

● Der var blandt tilskuerne stor interesse for kampene. På denne "tribune" genkendes LT H. Kristiansen, PRLT O.H.M. Pedersen, PRLT P. Lauritsen, Doc Hau og SKLT K.B. Jørgensen.

## BATALJON 46 INSTALLERAD

Bataljon 46 C har marscherat in och tagit Carl Gustav Camp i besittning. Äntligen kanske många tycker. Totalt är det nu närmare 11.000 svenskar som fullgjort frivillig tjänstgöring på Medelhavets i storleksordning tredje ö. Vi är den 16:e bataljonen i rakt nerstigande led på Cypern.

I lördags förra veckan tog bataljonschefen, övrl C-G Norderup emot en samlad trupp för första gången sedan slutgenomgången i Linköping. Chefen har i motsats till närmast föregående kontingentschefer följt sin trupp under hela utbildningstiden i Sverige, från oktober fram till avresan.

Vi har haft en kort tid att ställa om oss och komma in i våra nya jobb, men när rotationen denna vecka får anses helt genomförd är också ansvaret ensamt vilande på bataljon 46 C, med allt vad det betyder i uppträdande i och utom tjänsten.

Bataljonen fick redan de första dagarna ett pressbesök. Messieurs Pierre Chatel och Willy Rothmund från Schweiz TV gjorde ett besök på campen för att få korta vinjetbilder från FN:s verksamhet. Stabschefen, mj Wiberg guidade TV-teamet runt.

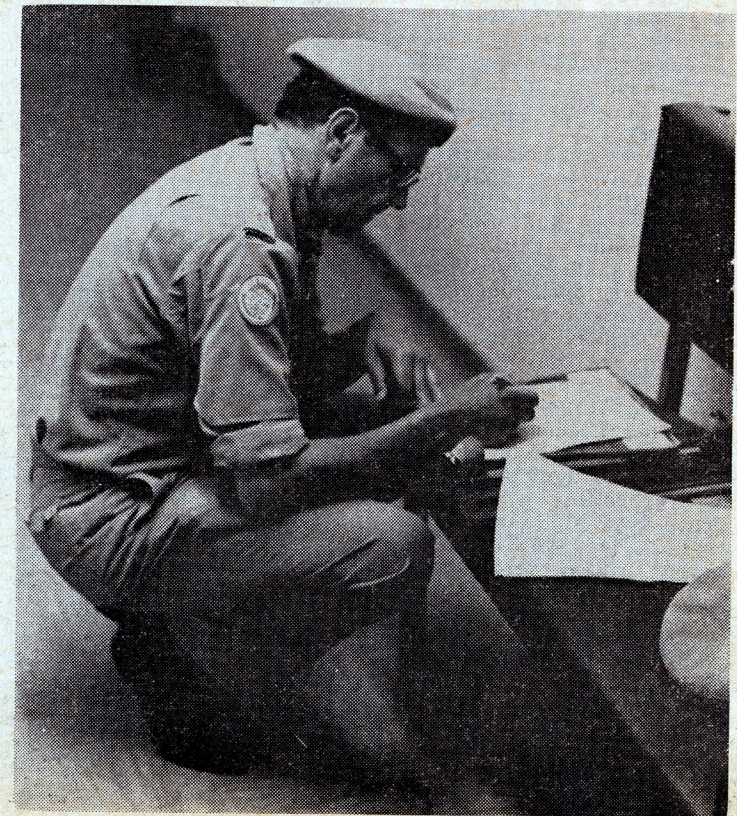

## BADVETT

Inom kort är den cypriotiska sommaren här. Det kommer att bli mycket varmt. Tänk på riskerna för brännskador i början. Ta det lilla lugna vid solbad. Vi har ett halvår på oss att bli bruna! Samtidigt finns anledning att specialstudera säkerhetsbestämmelserna för badning: Undvik ensambad. Bada aldrig under alkoholförkan. Vänta minst en timme med bad efter måltid. Tänk på de mycket starka underströmmarna. Undervattenssimning med snorkel och annan specialutrustning förar tillstånd av idrottsofficeren, löjtnant Gunnarsson. Kontrollera djupet innan ni dyker. Överskatta inte simfärdigheten. Simbestämmelserna finns som bilaga till kontingentorder av den 21 april.

## ETT NÖDROP FRÅN SNYFTEN

Varje morgon rusar bataljonens egen diskjockey, pastor Hansson, tätt följd av stabsredaktören till postfacken för att se om vi fått några blev till vårt eget önskeprogram på svenska i Cyperns radio. En och annan hälsning har dykt upp men icke i den omfattning vi önskar. Gör därför en insats och skriv hem till anhöriga, vänner och bekanta. Då vårt skivarkiv är begränsat mottages gärna eventuellt medsänd önskeskiva. Adressen än en gång: Önskeprogrammet, Sv FN-bat Cypern, Utrikesavdelningen, 20505 Malmö 1. På bilden nedan gör pastor Hansson en sista ändring i manus minuterna före inspelning.

## TRAFIKEN

Upprepade varningar är synnerligen befogade vad gäller trafiken och det allmänna vägvettet på Cypern. Västantertrafiken skapar bekymmer, ratten på "fel" sida i våra Landrovers och på öns hyrbi-lar är en annan faktor. Benhård högerregel gäller. Stabschefen, mj Wiberg (bilden ovan), fann all anledning att varna för många gånger egenhändigt utmämnda raserförare som styr med fullständigt dödsförakt. Kör med ansvar och ta det extra lungt i början. För att hyra bil fodras cypriotiskt körkort som kostar 500 mils och fås på Police District HQ på Anexartisias Av. helt nära Gold Fish Camp. Ett foto skall medtagas.

## TURBILEN

Tiderna för bataljonens turbuss, den så kallade Jo-jon, har ändrats i samband med 46 C:s ankomst. Tio turer på vardagarna och åtta turer söndagar och helger står till disposition. Bilen utgår från Transportcentralen (TPC) enligt följande plånboksvänliga mall:

TPC CGC: 0640, 0900, 1100, 1230, 1345, 1500, 1600, 1740, 1945, samt 2200. Bilen befinner sig vid vändpunkten, Hippocrates, dessa tider:

0655, 0915, 1115, 1245, 1400, 1515, 1615, 1755, 2000 samt 2215. Avgångstiderna för sönd- och helgdagar är dessa: 0800, 0930, 1300, 1400, 1700 1740, 1945, samt 2200.

Vid ovanstående helgtider är Jo-jon vid vändpunkten: 0815, 0945, 1315, 1415, 1715, 1755, 2000 samt 2200. Med en förhoppning om en badvänlig sommar går en speciell bil ner till Famagusta Beach söndagar och helgdagar klockan 0900 samt 1500, båda turerna med utgångspunkt från TPC, Carl Gustav Camp.

## MEET THE PROFESSIONALS!

A team from the Ministry of Defence recently visited UNFICYP to gather material for inclusion in a new Army Recruiting Publication. The crews of a troop of Scout Cars of the Royal Hussars found themselves being photographed from all angles in the picturesque village of Peristerona. It remains to be seen whether the results will help to boost the recruiting figures.

● Sergeant D. Edey poses in the turret of his vehicle for one of the visiting photographers. Sergeant Edey was formally 10th Hussars, whilst his driver, Lance Corporal Barry Dormer (only just visible!) came from the 11th Hussars.

● Taking a break during filming! Trooper Edward Curd, the driver, stretches his legs while talking to his car commander, Corporal Douglas Eldridge.

## BRITCON NEWS

### LONG SERVICE AWARD

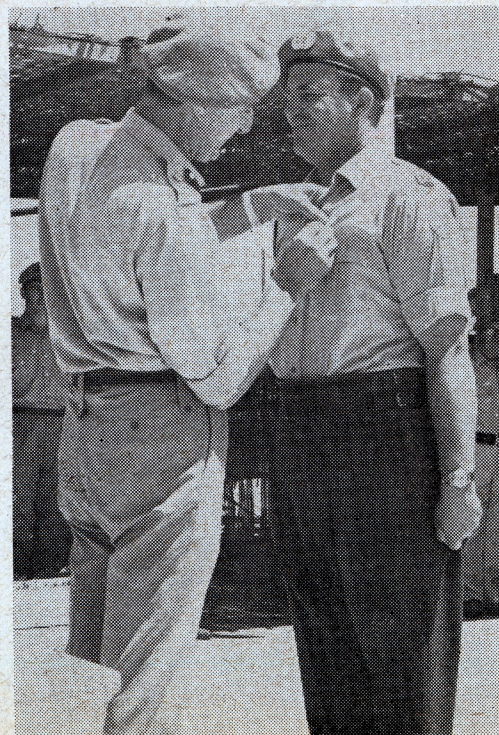

Last week WO I David Brooks, the Force Engineer Warrant Officer, was presented with the Long Service and Good Conduct Medal by COMBRITCON, Colonel D.E. Thornton CBE, ERD.

Mr. Brooks enlisted into the Suffolk Regiment in 1952 and transferred into the Corps of Royal Engineers in the same year. He was first promoted to Lance Corporal in 1953 whilst employed in his trade as a bricklayer serving in the Middle East.

In 1955 he completed a Clerk of Works (Construction) Course and was promoted to the rank of Staff Sergeant. Since then he has served as a Clerk of Works in Scotland, Nepal, Singapore, British Army of the Rhine, Borneo, Thailand during Operation 'Crown' and the United Kingdom.

In May 1970 Mr Brooks joined the Headquarters United Nations Force in Cyprus as the Force Clerk of Works, an employment which has posed him a high degree of complex and varied tasks, some of which were outside the normal run of engineer work.

Shortly, Mr Brooks is to leave the Force to report to the Royal School of Military Engineering, where he is to take up the post of Sergeant Major Instructor with the Clerk of Works Training Wing.

## OFFICIAL OPENING OF INTERNATIONAL CLUB

The Force Commander, Major General D. Prem Chand, in the company of a large number of guests, officially opened the new International Club on Saturday 24th April 1971.

In return, as a memento of the occasion, the PMC Corporal W. Greer RCT presented the Force Commander with an inscribed tray from the members of the club.

## NAMESAKE

● At last, after six months, and within one week of his departure, the Greenjacket's paymaster, Captain Eric Town, has suddenly realised that the UN post in Limassol was named after him — or so he would have us believe!

## IRCON ROTATION COMPLETED

Rotation time has come round once again for Ircon. The past two weeks have seen hectic and feverish activity in all stations of Larnaca District, as the newly arrived 20th Infantry Group buckled down to the task of familiarising themselves with what was for most of them a completely new area in Cyprus.

An Ircon rotation has a distinctive flavour and atmosphere of its own. So many of the troops have completed two or three or even more missions overseas that it is inevitable that they will meet comrades from former Groups or Battalions.

The air resounds with delighted shouts of recognition and greetings from soldiers who have not seen each other since they were together in 'X' Group in Cyprus or the Congo. In spite of all the bonhomie, however, the serious business of handing and taking

over proceeds with efficiency and despatch.

By the time this report appears the last of the 19th Infantry Group will have returned to Ireland. Let us hope that they enjoy a well earned rest and a joyful reunion with their loved ones. Already the 19th Infantry Group has practically ceased to exist and many of those who served together will never meet each other again. They will all share, however, in what we feel must be a fond memory of the days they spent as an element of the UNFICYP Force.

## "IF YOU'LL TAKE MY ADVICE"

The one military pastime which transcends all boundaries and periods of time is the incurable tendency of the old soldier to vent his experience and service on those who have not worn the uniform for as long as he has.

19th Infantry Group's Medical Officer, Captain Donal Heraughty (right) greets the new Medical Officer, Captain Niel O'Brien, on arrival at Kophinou. No doubt Donal waxed eloquent on his overseas experience in the light of the seven months he has been

in the forces, particularly when one bears in mind that Niel was commissioned only four weeks ago. Captain Heraughty returns to civilian life next month and carries with him the best wishes of all who met him, on a professional personal basis, during his time in the Defence Forces.

## IRCON NEWS

● Goodbye to all that! Commandant Frank Dunne, Camp Commandant Zyyi Camp, takes a last look at the bailiwick over which he ruled so competently and so gently for the past seven months.

## NEW DRIVER FOR IRISH L.O.

It is handover time in Blue Beret Camp too, for Irish Liaison Officer's drivers, Private Jimmy Killoran, seen here (left) taking over from Private Willie Roche.

Both have served overseas previously and are members

of Depot S & T in the Curragh Camp and are very close friends, so it may be safely assumed that this particular change round went off with a minimum of fuss, and a maximum of good will.

## QMS ROTATE

Quartermasters are never less than busy, but really come into their own at rotation time. Commandant "Bertie" Kelly (left) new Camp Commandant at Zyyi, seems determined that all will be 101% correct in the handover between CQMS John Duggan and the new Headquarters Company Quartermaster, Seamus Thompson (right).

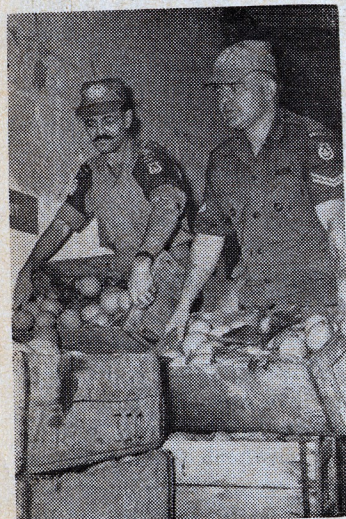

## Reserve Company Drivers

Reserve Company Transport turn out for their daily inspection before heading off on their runs in every direction around the island. The transport group, with Master Corporal J. McLellan in charge, provides for the Commanding Officer and his staff as well as driving services for medical, signals, stores and similar support units.

(Front l. to r.) Corporal D. Stephenson, Master Corporal M. Gagne, Corporal J. Rochon, Corporal F. Breeze, Master Corporal Joe McLellan and Corporals D. Millwater, R. Anderson and E. Boyd, part the more than thirty personnel that make up the transport staff.

Cancon Roundup, the weekly radio programme of news from home and around the contingent, is reported each Wednesday night at 2000 with announcers Sergeant Don Rethler and Corporal Pete Derouche.

Private Bob Lyons and Corporal Ken Archer prepare for the daily ration supply run from support company to other units of the Canadian contingent around Nicosia.

Privates J. R. Lamontagne and H. A. Parker of Reserve Coy are put through a training sequence by Corporal B. R. Whiffin during mortar crew familiarization at Blue Beret Camp. As part of a continuing training programme, and to update their trade qualifications, mortar exercises are given weekly during the six month tour. At the end of the course the soldiers will be eligible for a higher pay level category.

## EXPLORER'S CORNER

On 2nd May, a guided tour will leave Blue Beret Camp (mens mess), 10 a.m. 10.15 from the Ledra Palace and on to the old walled city of Famagusta with stops for a swim and a short tour of the main city before returning to Nicosia at 5 p.m.

## SOFT BALL LEAGUE

Four teams, representing City, Suburbia, Reserve and Support Companies meet each Monday and Friday at 1300 hours to compete in the Junior Soft Ball League played at Wolsley Barracks ball diamond. The double round robin series will see each team playing four games over a three week period before the scheduled playoffs. Support Company, coached by Corporal John Keller, trounced B Company, putting them in second place in the series.

## TERUETULOA "VALKOVARPAAT"

Tuskin montakaan kertaa YKSP:n historiassa on isä luovuttanut tehtävänsä pojalleen. Pataljoonan nykyinen valokuvaaja-piirtäjä ylik Eino Nieminen, 38, luovuttaa

tehtävänsä yhdeksän kuukauden palveluksen jälkeen pojalleen kers Jarmo Niemiselle, 19. Kers Niemisen Jr tarkoituksena on viiätyä saarella vuodenpäivät.

Uutta postin henkilökuntaa johtaa 1tn Onni Huttunen, postimestarina YKSP 11:n aikana, apulaisinaan kers A Tikkala ja jääk Kempainen.

Kunkin rotaatiokauden aikana pyritään pataljoonassa järjestämään palveluksen lomassa yksiköiden välisiä kilpailuja, jotka useimmiten ovat myös karsintakilpailut kontingenttien välisiä kilpailuja varten. Kahden seuraavan rota-

atiokauden aikana tulee varmasti olemaan kuumaa ja siitä syystä kilpailutoiminta ei ole aivan niin vilkasta kuin muina aikoina. Aina ei suinkaan ole kaikkein tärkeintä valmentautua määrättyjä kilpailuja varten vaan jokaisen tulisi huolehtia määrätietoisesti ja pitkäjänteisesti oman kuntosäilyttämisestä ja kohentamisesta, jotta välttyttäisiin ikäviltä rotaatiorenkailta.

Jo toisen kerran pelasimme lentopallon ystävyysottelun Neuvostoliiton Suurlähetystön joukkuetta vastaan. Ensimmäinen ottelu hävittiin niukasti 3-2 ja toinen ottelu eräluvin 3-1.

# NEW CANADIAN AIRCRAFT

The Boeing 707, newest of the Canadian Armed Forces transport aircraft, slid into Nicosia International Airport on its first scheduled flight into Cyprus one minute ahead of schedule. Cutting the recently retired Yukon Trans oceanic flight by three and one half hours, the jet has increased cargo capacity and tripled passenger capability to the island. The new jet flight will fly the regular Canadian domestic route on a revised schedule, staging through Gatwick and Dusseldorf before heading into Nicosia. On hand to greet Major Fegan and his crew on their maiden flight were Brigadier General E.M.D. Leslie, Chief of Staff UNFICYP, and Lieutenant Colonel W.E. Hutchinson, Commander I PPCLI.

## MUSIC BY MOONLIGHT

Those who are fortunate to have served with UNFICYP before in the summer time, will be familiar with the Salamis Music Society's recorded music concerts which are held in the ancient theatre of Salamis.

For the benefit of newcomers, we should explain that the society is self supporting and non profit making. Although it is a British Service sponsored organisation, anyone may attend.

The admission charge is 200 mils for adults and 100 mils for children. Adults are provided with a free programme on admission. It is normal to take your own cushion, and a picnic supper which can be eaten during the interval.

There will be six concerts in 1971. The programme for the first, to be held on 12th May, will include:-

Glinka: Russian and Ludmilla — Overture.

Rachmaninov: Concerto No. 2 in C min for piano and orchestra Op. 18.

Kodaly: Dances of Galanta.

## UNFICYP SQUASH COMPETITION

During the past three weeks, teams from Ircon, Cancon, Britcon and HQ UNFICYP have been competing in the UN Squash Competition culminating in the final on Friday 23rd April between HQ UNFICYP and Royal Green Jackets "B".

After the first two matches played in the morning at Berengaria, the score stood at one-all, and the result depended on the one played in the afternoon at Nicosia between the Force Commander and Sgt Lewis of 3 RGJ.

Against a hard hitting opponent, the Force Commander played a beautifully judged service game forcing his opponent into a number of errors which eventually cost him the match.

The result of the Final:

HQ UNFICYP defeated 3 RGJ "B" by two matches to one.

On their way to the Final HQ UNFICYP defeated Ircon "A" and 3 RGJ "A".

## REALISTIC FIRE PRACTICE

A helicopter hovers overhead while firemen in protective clothing work desperately to put out the blazing wreckage of a crashed aircraft. This dramatic scene was in a "mock up" display at RAF Nicosia last week as part of the programme for the visit of the Commandant General of the RAF Regiment, Air Vice Marshall Young.

A helicopter of 230 Sqn UNFICYP Detachment took part in the demonstration

sia on a theme of Thomas Tallis.

Rimski Korsakov: Sheherazade — Symphonic Suite, Op. 35.

which was designed to show how helicopters can frequently be first on the scene of a crash and play a vital role.

Piloted by Squadron Leader T.S.C. Jones, with Sergeant A.R. Scott as crewman, the helicopter also carried two firemen with hand appliances, and their aim was to get the pilot and any crew out of the wreckage before they were engulfed in flames.

● The helicopter still hovering above the crash whilst the firemen fight the blaze after the arrival of the fire tender.
